

MANIFESTO

Candidate's Name	Azad Ibrahim Mohammed
Candidate Team Name	
<p>As education officer, I will make sure student voices are amplified, I will make sure student feedback leads to a real change, changes that make sure education is inclusive, accessible and empowering for every individual. Students at the Manchester Metropolitan University should always be supported, heard and represented through out their academic journey. I will work to improve academic support, timetables, teaching quality and assessment fairness for everyone.</p> <p>Everyone's time matters, I will make sure to prioritise working on the quality of timetabling for every student, I will work on minimising the big time gaps between lectures and seminars, while leaving enough of a time gap for breaks, ensuring everyone gets a break after long lectures and leaving enough time to get to your next lecture. I will advocate for earlier timetable releases, to give you enough time to plan and prepare for your semester ahead. Every student deserves a clear and reliable timetable.</p> <p>We all deserve a fair chance to succeed in our academic journey, I will make sure to advocate for clearer exam guidance and resources, this includes a fair marking criteria and clarity in every module across the university, so no one ends up in a disadvantaged position.</p> <p>Together, let's make education at the Manchester Metropolitan University even better for everyone</p>
