

# VISION STATEMENT

<b>Candidate's Name</b>	Gurpreet Singh Sudhu
<b>Candidate Team Name</b>	
<p>I am standing for President because I believe every student deserves to feel heard, supported, and proud of their university experience.</p> <p>As President, my priority will be to strongly represent student voices at every level of the University — locally and nationally. I will ensure that student concerns are not only listened to, but acted upon, by working closely with University leadership and external partners.</p> <p>I am passionate about building positive relationships between students, the University, and the wider community. By strengthening links with local organisations, forums, and community groups, I will promote student interests beyond campus and help create opportunities that benefit students both academically and socially.</p> <p>I also believe the public image of our student body matters. As President of the University, I will act with integrity, professionalism, and transparency, always putting students first and representing them with pride.</p> <p>My vision is for a student community that feels empowered, included, and confident that their Union works for them. I will lead with honesty, approachability, and commitment — ensuring that students know their voice matters and that together, we can create positive change.</p>
